Program factsheet

ACADEMIC COOPERATION

Partners of the University of Bordeaux including:

- **> USA:** University of California, Northern Arizona University.
- **> Canada:** Laval University, Québec.
- **> Europe:** VU University Amsterdam.

LEVEL

Bachelor Degree.

PROGRAM DURATION

3 years (180 ECTS).

ADMISSION REQUIREMENTS

- > Students are selected based on their scientific and linguistic skills.
- > All applicants must have a strong academic record as well as good spoken and written skills in English and French.

FEES AND SCHOLARSHIPS

Annual tuition fees for EU and EEA students:

> Bachelor Degree: 170€

For students coming from outside the EU/EEA and more information concerning tuition fees, please consult our website (www.u-bordeaux.com/Education/Tuition fees)

Program outline

The International Bachelor Degree Program is an enhanced program based on the existing scientific curriculum at the University of Bordeaux.

Scientific courses are given in English, students partake in an obligatory international mobility period and a choice of a minor degree program is offered:

- > Biology
- > Biosourcing
- > Computer Science
- > Epistemology
- Mathematics

Program structure

Semester 1 & 2

> Acquisition of general knowledge in the field.

Semester 3

> Main topics are programming, algorithmic and data structures, theoretical computer science

Semester 4

> Main topics are programming, computer architecture, development environment and programming project.

Semester 5 & 6

> International mobility period.
